## DR. BELL RE-ELECTED

The Republicans Make a Clean  
Sweep in Benton Harbor at  
the City Election.

### DR. BELL'S MAJORITY 206

C. J. Brown Was Elected City  
Treasurer by the Skin  
of His Teeth.

The city election passed off very  
quietly here yesterday and the republi-  
cans carried everything by large  
majorities, with the exception of  
Brown for city treasurer who won by a  
majority of 38, and Butzbach, alderman  
in the fourth, whose majority was only  
8.

Dr. Bell made a better run than was  
expected and his majority was only a  
few behind that of last year, notwith-  
standing the fight made against him.  
Mr. Brown saved himself for treasurer  
by doing some heroic work yesterday  
afternoon. He rushed in about thirty  
votes from men who would not have  
voted but for his personal solicitation.  
The figures tell the story best.

## A DEMOCRATIC MAYOR

St. Joseph Elects the First One  
Since the Town Was Incorpor-  
ated Seven Years Ago.

### BIG DEMONSTRATION FOLLOWS

Hot Speeches Are Made By Mayor  
Starr, Attorney James O'Hara  
and W. Worth Bean.

St. Joseph yesterday elected the first  
democratic mayor the city has had  
since its incorporation, seven years ago.

The city gave John V. Starr a major-  
ity over James Forbes of 46 and after  
the smoke of the battle had cleared  
away and the democrats realized that  
the onch had been vanquished they  
built a bonfire, secured a band of music  
and held a political lovefest.

They gloated over the downfall of  
the "clique which clung to the puri-  
tanical idea that the door of every  
place of business in St. Joseph should  
be closed on the Sabbath," and they  
laughed in great glee over the defeat  
of the man whose election meant a  
cessation of the progress begun under  
Mayor Starr's administration—whose  
installment in the mayor's chair meant  
an injunction against the proposed ex-  
tension of the street car lines.

### TALK OF A RECOUNT.

Friends of S. M. Austin Think He Is  
Elected.

S. M. Austin, defeated for city treas-  
urer by 38 votes, upon the advice of  
friends may ask for a recount. A re-  
count will cost Mr. Austin \$10 per ward  
or \$40 for the four wards.

Silver men are expressing words of  
criticism against the election boards  
in the third and fourth wards which  
were composed entirely of republicans.  
While the gentlemen who had charge  
of these ballots are above reproach it  
is talked that in case of a puzzling bal-  
lot the doubt was given to the republi-  
can candidates. A change of 19 votes  
in the 1,200 would tie Mr. Austin with  
Mr. Brown.

The silver men are not very well  
satisfied with several things. One of  
their counts in the indictment is that  
Bruce Knapp asked for voting instruc-  
tions in the third ward and that two  
republicans went into the booth with  
him. The law provides that such  
votes shall be instructed by men of  
opposing parties.

### NILES SPOILS DIVIDED.

Democratic Mayor, Republican  
Treasurer and Clerk.

NILES, April 6.—The city election  
today resulted in a stand-off between  
the republican and democratic people's  
union silver party. The republicans  
were successful in getting the only two  
salary offices while the democrats will  
control the city government. Mayor  
F. W. Richter, popular, was elected by  
69 majority over F. J. French, republi-  
can. Edward F. Hahn, republic-  
an, was re-elected treasurer by 35 ma-  
jority and Leander J. Morgan, republi-  
can, was elected city clerk by 90 ma-  
jority. The populists elected three al-  
dermen, three constables and two su-  
pervisors. The republicans elected one  
alderman, one constable and two su-  
pervisors. The republican state and  
county ticket was carried by majorities  
of 100 and over. The gold democrats  
polled twice the vote they did last fall.

### THE FIGHT IN COLOMA.

Light Vote Polled and the Republi-  
cans Win.

COLOMA, April 6.—Only 543 votes  
were cast at the election in this town-  
ship yesterday, 292 in Coloma precinct  
and 251 in Watervliet precinct.

The Coloma end of the township was  
carried for free silver, except on the  
vote for clerk, by a very small majority.  
Hewitt for clerk ran ahead of his ticket  
for home coming out five votes ahead  
of Grant, his free silver opponent, who  
also resides here.

In the whole township the republican  
ticket was victorious, the majorities  
ranging from 12, for Supervisor Bald-  
win, to 56 for Clerk Hewitt.

Not nearly the full vote was polled,  
and, indeed, it was not expected. One  
unpleasant outcome of the election will  
probably be experienced by this village  
within a few months. The newly-  
elected justice of the peace is Arvin  
S. Miller. He is the leading candidate  
for the postoffice and will probably be  
appointed, having served as postmaster  
under Harrison, with satisfaction to  
the people. When he becomes post-  
master the village will have no justice  
of the peace because one man cannot  
hold both offices. We will be obliged  
to depend upon justice as administered  
from Watervliet for the remainder of  
the year.

The street car companies won in both Detroit and St. Joseph.

The St. Joseph council is now in position to pass a 16 to 1 free coinage bill.

I THOUGHT I was something of a politician but the present glory belongs to Colonel William Worth Bean—St. Joseph's Starr.

THERE was a fear among the loyal republicans that Dr. Brooks' convention prayer might prove to be Mayor Bell's Dr. Burchard.

IN the local campaign that closed yesterday no wounds were made to heal. No bitter words were spoken and no mud thrown. The candidates defeated accepted the result with the same grace as the successful candidates.

OUR Niles correspondent calls Mayor Richter a "popocrat." THE NEWS will give the chief executive of the second city in the fourth congressional district the name of the correspondent if he wishes to "interview" him.

Now Governor Pingree will have an opportunity to tell how it happened. And while it is called Pingree's defeat isn't it Pingree's victory? Had Captain Stewart been elected mayor this governor would have lost some of his chief charms. He would then have no longer been the only republican who could carry Detroit.

**McKINLEY'S BOMB**  
In the Case of the Cuban Insurgent Ruiz Rivera,

AS LAID DOWN BY THE SENATORS.

Should Forest Against His Trial and Execution by Court-Martial—Resolutions Adopted 44 to 0, Hoar and Hale Not Voting—Allen of Nebraska Very Belligerent—Hoar's Idea of What the Senate Should Be—Outline of the Debate.

Washington, April 6.—The senate yesterday by unanimous vote adopted a resolution reciting the reports that General Ruiz Rivera, the Cuban commander, is about to be tried by drum-head court martial and shot, and expressing the judgment of the senate that if these reports are true the president of the United States should protest to the Spanish government against such a violation of the rules of civilized warfare. This resolution does not go to the house of representatives, and becomes effective as a measure of advice to the president by its adoption. Although opposition was withdrawn on the final vote, there was spirited opposition in the early stages of the debate, and a test vote on the comparative strength of the Cuban and anti-Cuban sentiment in the senate. The test occurred on a motion by Hale to refer the resolution to the committee on foreign relations. The motion to refer was defeated—21 to 27—and the resolution was adopted—44 to 0—Hoar and Hale not voting.

Allen Says It Is Time to Act.  
When the Cuban debate was precipitated Allen emphatically declared, he said, from the proposition that the American congress must sit idly by while "this savage and barbarous contest" proceeds at our very threshold. Within 100 miles of our shore "women and children are being butchered and the methods of civilized warfare set at defiance. Murder, rape, rapine and devastation are playing their part in the destruction of the island." And were we, a Christian people, he asked, willing to sit by and not raise our voice in defense of these people? Allen declared that Spain's course had been one of bloodshed and cruelty. He said that notably true as to recent events in the Philippine islands and in Cuba that Spain had been made an "outlaw nation," not entitled to recognition by civilized countries. It was time for us to act, declared the senator.

Hoar's Idea of the Senate.  
If the president of the United States will send our navy to Cuba," exclaimed Allen, "and warn Spain that she must observe the methods of civilized warfare, or that every Spanish seaport would be razed to its foundation, hostilities would cease and Cuba would be free within three months."

Hoar responded in a calm and impressive manner. He spoke of the aspirations of the founders of the government in establishing the senate as the stay and resisting power against those passionate and fitful gusts of sentiment that had wrecked every republic on an ancient land. He said that the dignity and greatness of the senate in spite of ignorant criticisms and of the security of the London Times. But there were some gentlemen who seemed to think that the function of the senate was to edit a daily newspaper and peddle it out at 2 or 3 cents a copy, getting up an article here and there, rumors and prophesying what was to occur. This resolution was based on mere prophecy, surmise, prediction.

"It is a fact," asserted Allen from across the aisle. "Does the senator [Hoar] confess himself in such ignorance?"

SHOULD UNCLE SAM INSULT SPAIN?

The Question Before the Senate as It Looked to Hoar.

Hoar declined to yield, but Allen insisted on repeating that the danger to General Rivera was an authenticated fact, known to all men. Hoar asked the Nebraska senator to possess his "beautiful soul in patience." He denied that there was anything but report and prophecy at the basis of this resolution. Hoar rejected with indignation any assertions that he was guided on these great question of humanity by the interests or opinions of the business elements, as had been suggested. The senator shared none of this animosity to social business interests, for the prosperity of this class meant hope and happiness to every workman, while a blow to that interest meant poverty and despair to millions of American homes. The question now is whether the United States would act on guess and prophecy in being an affront to Spain.

Allen again took the floor, addressing himself frequently to Hoar in person. The danger to General Rivera was not rumored, and so characterizing it the Massachusetts senator showed his "weakness and petulance." The American people knew the facts, and the Massachusetts senator knew them—that Rivera was about to be tried and shot, and that the power of the United States soldiers on the island of Cuba and to send our fleets there," said Allen, "and the Spanish fleets would be ground to infinitesimal pieces or this battle city would end." The senator closed with further sarcastic references to Hoar, saying that the Massachusetts senator might be mistaken in his belief that the care of the senate was in his keeping.

Hale said that he would be willing to pass a resolution inquiring of the state department what information it had on the matter. He moved the reference of the resolution to the committee on foreign relations.

Gallinger rebuffed sarcastically to Hoar as having a habit of settling great questions with a wave of his hand. "It is time enough to terminate the state of barbarity on that island such as curdles the blood of every American heart," continued Gallinger. It was time that Spain should be given to understand that this was the nineteenth century. Every utterance which had come to him in opposition had come from the commercial interests, which were opposed to action by the United States. He had yesterday received a letter from one of the "money changers," an agent of the New England, and had denunciation and charging that the men who spoke for Cuba were speaking for the applause of the senate galleries.

Hoar in a brief reply said that the friends of the resolution seemed to be intolerant of opposition and gave to

action to raise the resolution to the committee was lost—21 to 27. Among the men voting to refer was Burrows, Cullom, Davis, Fairbanks, Mitchell and Turpie. After this resolution had been adopted Elkins spoke at length in favor of a discriminatory tax against merchandise imported into this country in foreign vessels and Lindsay in favor of the bankruptcy bill. A resolution was agreed to directing the surgeon general to help in the relief of the Mississippi river flood sufferers.

**CONFERENCE ON THE FORESTS.**  
Recent Reservation Proclamation Will Be Somewhat Modified.

Washington, April 6.—The government forestry commission had a hearing before Secretary of the Interior Bliss yesterday, at which the members went over the whole forestry question and explained their reasons for advocating all the reservations of timber land made by President Cleveland's proclamation last February. Senator Wilson, of Washington, and Senator Shoup, of Idaho, represented the western opposition to the reservations. The meeting was behind closed doors. Chairman Sargent reviewed the investigation of the commission last summer. He was emphatic in declaring that there was no need of modification of the proclamation. The commission was divided, however, as to the advisability of making any changes and several of the members recommended that there be no exceptions might and should be made.

A petition signed by citizens of New Mexico was submitted by Delegate Ferguson, asking that the forestry reservation scheme be extended to that state. Senator Wilson, on the other hand, protested vehemently against the whole reservation "committee" in Washington. The outcome of the conference was a decision to forward to congress in a day or two a proposed amendment to the sundry civil bill. This amendment will authorize the secretary to prescribe such rules and regulations for the government of the forest reserves as will permit the disposal of timber in the reservations for legitimate mining purposes and will preserve also the rights of agricultural and mining settlers on reservations. The amendment gives authority for the suspension of the operation of the order of the proclamation reserving forest reservations, and the survey of the reserved tracts by the geological survey.

**CHANDLER'S ANTI-TRUST BILL.**  
Its Covers Everything, but Is Only a Bill Against the Foraker Bill.

Washington, April 6.—Chandler yesterday introduced in the senate a bill in the nature of an amendment to Foraker's railroad pooling bill. It is entitled "A Bill Abolishing Competition in Trade and Production and Authorizing Combinations to Enable Merchants, Manufacturers and Producers of Commodities Subject to Interstate Commerce to Maintain Prices and Make Profits, Notwithstanding Business Depression." The body of the bill covers every species of combination, except of labor and makes it unlawful to combine in the nature of a trust. The bill then gives the interstate commerce commission supervision over the business done by merchants, manufacturers and producers under agreements made in pursuance of the authority given by this bill, and by the interstate commerce act.

The body of the Foraker pooling bill is adopted by Chandler, but for words used in the railroad business he substitutes throughout the bill words used in manufacturing and trade. Chandler said he would not press this bill unless an effort was made to pass the pooling bill allowing railroads to combine. In that case he would urge this amendment to the pooling bill. If congress abolished railroad competition, said the senator, it might as well abolish all other competition.

**Help for the Flood Sufferers.**

Washington, April 6.—The president was busy most of yesterday with gentlemen from Memphis who called to ask him to use his influence for aid to the Mississippi flood sufferers. H. C. Graves, of Memphis, submitted a written statement containing all the data in his possession as to the condition of the sufferers. McKinley has not yet decided whether he will send a special message to congress today or tomorrow. Representative McMillin yesterday afternoon received the following telegram from Governor Taylor, of Tennessee: "Have our delegation urge appropriation for flood sufferers. Property and life can be saved by speedy action."

**Bryan in the Supreme Court.**

Washington, April 6.—The crowds about the United States supreme court yesterday were a slight reminder of the late campaign. They were attracted by the presence in the court room of W. J. Bryan, late Democratic candidate for the presidency, who had been announced as a Democrat for the nomination at Nebraska in the argument of what are known as the maximum freight rates. The decision of the cases will determine the constitutionality of the Nebraska law of 1893 fixing a maximum rate for freight charges on the part of railroads operating in the state.

**Confirmed by the Senate.**

Washington, April 6.—The senate in executive session confirmed the following nominations by the president: William F. Draper, of Massachusetts, to be ambassador to Italy; Oliver L. Spaulding, of Michigan, to be assistant secretary of the treasury; William B. Howell, of New Jersey, to be assistant secretary of the treasury; Chandler Hale, of Maine, to be secretary of the embassy of the United States at Rome.

**Back to Go to Japan.**

Day, of Connecticut, consul at Bradford, England; Fenton H. McCreery, of Michigan, secretary of the legation at the City of Mexico.

## PINGREE IS BEATEN.

His Candidate for Mayor Defeated  
at Detroit.

MAYBURY "GETS THERE" BY 600.

While the Republican Candidate for  
Police Justice is Elected—Democrats  
Beaten in the State—Silver Sentiment  
Shows Up at the Polls—Cincinnati Goes  
Democratic as Well as Canton, the Home  
of McKinley—Iowa City Elections.

Detroit, April 6.—William C. May-  
bury, Dem., was elected mayor yester-  
day by about 1,000 majority over  
Captain Albert E. Stewart, Rep. In  
view of Maybury's victory it is consid-  
ered surprising that Judge Miner,  
Democratic candidate for police justice,  
was defeated by Judge Albert F. Sell-  
ers, Rep., who was re-elected by a  
majority fully equal to that received  
by Maybury. Maybury's election is  
looked upon as a decided defeat for Gov-  
ernor Pingree, who practically named  
Captain Stewart as his successor as  
mayor after the courts had overruled  
the governor's contention that he could  
hold both the offices of governor and  
mayor.

Later, with returns from all except  
two precincts, which will not be con-  
vulsed until today, Maybury has 600  
majority; Sellers about 1,100.

Returns from the State indicate the  
re-election of Judge Charles D. Long,  
Rep., as justice of the supreme court,  
and the defeat of George L. Yagle, Cu-  
per candidate, Charles D. Lawton and  
William J. Crocker, Republican candi-  
dates for regents of the University of  
Michigan, are also elected. The vote  
was light and the free silver sentiment  
was shown in several of the cities more  
strongly than in the November election.

This appears to have been especially  
true in the southern tier of counties.  
In a few cases on the votes for city  
officers Republican majorities of last  
fall were turned into fusion victories.  
As usual the results as to local officers  
are considerably split up politically.

**Plurality on the State Ticket.**  
Midnight estimates based on returns  
thus far received from the state give  
Long upwards of 3,000 plurality for  
supreme court justice. The Republican  
candidates for regents of the university  
are elected by probably somewhat lesser  
pluralities, as Judge Long ran ahead  
of his ticket generally. McKinley's ma-  
jority in Michigan was about 58,000.  
Pingree's for governor was 20,000 greater.

**From Other Michigan Towns.**  
Marquette, April 6.—E. Sherman  
nominee for mayor on the Citizens'  
ticket, was elected by 175 votes over  
Dr. Alfred Desjardins, on the People's  
ticket. The issue was on the men.

In Ishpeming there were three tickets  
—Republican, Citizens' and Labor. Cap-  
tain James Trillick, the Republican,  
nominee, was elected by a plurality of  
100.

In Negaunee there were two tickets—  
C. B. Kirkwood, running on the Citiz-  
ens' ticket, defeated the labor candi-  
date by 65 votes.

Lansing, April 6.—Davis (Rep.) was  
elected mayor by 21 majority, a loss of  
50 from 1898. The silverites gained three  
aldermen and clerk. The Republican  
state ticket has a plurality of 119.

Manistee, April 6.—By nearly 300 ma-  
jority Smurthwaite (Dem.) is elected  
mayor, together with other city officers.  
The council will be Republican. Man-  
istee county went Democratic on state ticket.

Sault Ste. Marie, April 6.—The Repub-  
licans elected mayor, treasurer, police  
justice, three aldermen; Democrats one  
alderman. The Democrats make gains  
of over 300 from last fall on the state ticket.

Niles, April 6.—F. W. Richter (Dem.)  
is re-elected mayor. The Republicans  
elect clerk, treasurer and one alderman.  
The Democrats elected three aldermen.  
Ypsilanti has a big majority for supreme  
justice.

Potter, Mich., April 6.—Potter  
Republicans elected M. F. Quaintance  
mayor and a majority of city officers.  
The net Republican loss is 100 since  
November.

Saginaw, Mich., April 6.—Fourteen of  
the fifteen city wards and nine of the  
city council members elected with the Re-  
publican state ticket 3,550; Democratic  
silver ticket, 3,306. The fusion majority  
in the county will not exceed 400 to 500.  
Kerr, Dem., whose seat in the legisla-  
ture had been declared vacant, was elected.

Bay City, Mich., April 6.—McEwen,  
Rep., for mayor, is elected with the  
entire city ticket. Justice Long's ma-  
jority is about 1,200.

Jackson, Mich., April 6.—The city  
and county went heavily for silver. Leon-  
nocker, silverite, was elected mayor by  
724. The fusionists get six out of eight  
aldermen.

**IN THE HUCKEY STATE.**  
Cincinnati Goes Democratic and So Does  
McKinley's Home Town.

Cincinnati, April 6.—The election in  
Cincinnati yesterday was for mayor and  
other officers. The Republican ticket  
was headed by Levi C. Goodale for  
mayor, and the Democratic ticket by  
Gustav Tafel, the latter being elected by  
a plurality of 7,320, while the city gave  
McKinley a plurality of almost 20,000 last  
November, and Caldwell, Republican for  
mayor three years ago, a plurality of  
6,755. The Democratic ticket had three  
Republicans on it—for city auditor,  
treasurer and corporation counsel—but  
under the recently enacted law it  
could not be called a fusion ticket.

The remainder of the ticket is di-  
vided, the Democrats winning a ma-  
jority of the offices. The vote was lighter  
than last fall, but nearly up to the  
average spring vote.

Springfield, O., April 6.—The Demo-  
crats carried the home of Governor  
Hushnell, electing John M. Good mayor  
by 600 majority. The rest of the Repub-  
lican ticket was elected.

Toledo, April 6.—Samuel M. Jones as  
mayor, and the entire city Republican  
ticket was elected in this city by ma-  
jorities ranging from 700 to 2,000. The  
fight was made against a liberal inter-  
pretation of the laws relating to Sun-  
day. Toledo has been a wide-open town,

and Jones is supposed to represent the  
repressive element.

St. Louis, April 6.—The returns of the  
municipal election indicate that Mayor  
McKison (Rep.) has been re-elected by  
a majority of 2,500 over John Farley,  
Democrat. All the other candidates on  
the ticket are elected by larger majorities,  
some running up to 10,000. The  
Republicans elect all four candidates for  
the school council and nine out of eleven  
members of the city council.

**Some Results in Iowa.**

Dubuque, Ia., April 6.—The Independ-  
ents elected T. T. Duffy mayor, L. M.  
Langstaff recorder, Henry Griffin treas-  
urer, and two aldermen. The Democrats  
elected T. H. Duffy attorney, and three  
aldermen. The council will be controlled  
by the Democrats.

Keokuk, Ia., April 6.—The city elec-  
tion resulted in favor of the Republi-  
cans, who elected the mayor, assessor,  
judge of the superior court, and five al-  
dermen. The Democrats elected the  
marshal and two aldermen. The con-  
stitution of the city officers and council  
is unchanged.

**Democrats Sweep the Town.**  
Butte, Mont., April 6.—The Demo-  
crats of the local election yesterday  
swept the city, winning on general  
offices by majorities ranging from 500  
to 600 against the Republicans and Popu-  
lists.

**Will Stay Away From Cuba Now.**

Several Flunks a Much Pleasant Situation  
Right at Home.

St. Louis, April 6.—Sylvester Seovel,  
of Cleveland, O., lately Cuban correspond-  
ent of the New York World, married at  
11:30 o'clock yesterday morning, Miss  
Frances Cabanne, at the home of the  
bride's parents. Seovel has figured con-  
siderably in public print of late because  
of his work as a correspondent in Cuba.  
He is 27 years of age and is one of the  
society leaders of Cleveland, being a  
member of the Union club, the famous  
Cleveland City troop, and also of the  
Cottillon club, of that city. Seovel and  
his wife started at once for Athens,  
where he will be correspondent of The  
World.

Seovel was the first correspondent to  
reach the camp of the insurgents and his  
letters from the camps of Gomez  
and Maceo were the first that told the  
exact situation of the revolutionist  
forces. In the fall of 1896 Seovel was  
captured and imprisoned by the Spanish.  
After several weeks' incarceration in a  
Spanish prison he was released. One  
of the most reliable correspondents who  
has ever been in Cuba said that Seovel  
was a very lucky man in being permit-  
ted to leave Cuba with a whole skin.

**News Will Carry Sorrow to Many People  
Who Have Invested.**

New York, April 6.—The offices of the  
E. S. Dean company, dealers in stocks,  
bonds, grain and provisions, are in  
charge of deputy sheriffs on an attach-  
ment. The concern has done an enormous  
business for some time past, the  
customers being almost entirely outside  
of New York. It has made a specialty  
of "discretionary orders." That is, the  
customers send in their money for the  
company to place in the market as it  
saw fit for their account. The company's  
mail is said to have been tremendous  
and it is money receipts enormous.

One report says that E. S. Dean, the  
ostensible head of the firm, is a woman  
residing in Chicago; another that the  
name is fictitious. Myron Bernard is  
president of the company. Jacob Lom-  
berg, who is named as one of the stock-  
holders, is an 18-year-old boy, and Louis  
Bulbach, another "stockholder," is as  
much an infant as E. S. Dean. The company  
is said to have branches in Toledo, In-  
dianapolis, Detroit, Cincinnati, and  
many other cities.

**Ordered a Judge Suspended.**

Des Moines, Ia., April 6.—The city  
council yesterday authorized implemen-  
tation proceedings against Police Judge  
Phillips for misconduct in his office, failure  
to account for funds is part of the charge.

## ANOTHER RAILROADER.

Had to Quit Work Because His Back  
Troubled Him.

Now His Ills Were Cured by Dodd's  
Kidney Pills—Recommended to  
All Railroad Employees and  
Others Similarly Affected

PORT HURON, Mich., March 15.—  
Here is another case of a man who had  
to quit work because his back troubled  
him. He had lumbago. He was a  
railroad man.

Now almost every railroad man  
knows what it is to have a sore, ach-  
ing back and inflamed kidneys. They  
will appreciate what aided William  
Tanner.

Lumbago and Kidney Disease are  
of the same place. They can be  
cured by the same remedy. No other  
remedy will cure them except DODD'S  
KIDNEY PILLS, which are sold at all  
druggists, and which are the proper  
specific for all forms of Kidney Dis-  
ease.

**DODD'S MEDICINE CO.**  
Gentlemen—I have been trou-  
bled for several months with Lum-  
bago. I could not stand it to work. I  
had to quit and go home. I heard of  
DODD'S KIDNEY PILLS. I pur-  
chased one box from Knill's drug  
store and after half the box was  
used, I began to feel a change. I  
went back to work. I had used  
three boxes and now am cured com-  
pletely. Nothing but DODD'S  
KIDNEY PILLS did it. I am a  
railroad laborer, and I think every  
one in my calling should know of the  
benefits of DODD'S KIDNEY  
PILLS.

WM. TANNER,  
Union Sta., Port Huron, Mich.

**VARIOUS NOTES.**

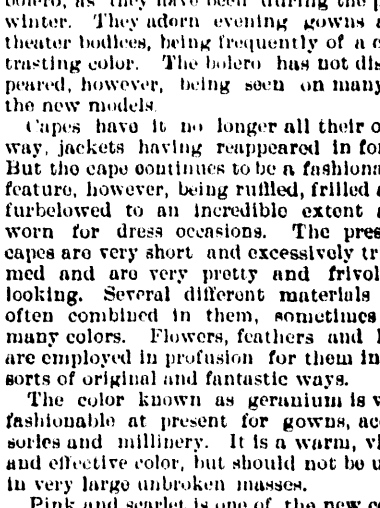

**New Jackets and Fancy Little Capes—Gor-  
ram's a Fashionable Color.**

Corsets are still in favor, and they are  
no longer necessarily associated with the  
boring, as they have been during the past  
winter. They adorn evening gowns and  
theater dresses, being frequently of a con-  
trasting color. The bolors has not disap-  
peared, however, being seen on many of  
the new models.

Capas have it no longer all their own  
jackets having reappeared in force.  
But the cape continues to be a fashionable  
feature, however, being ruffled, frilled and  
fur-trimmed to an incredible extent and  
worn for dress occasions. The present  
capas are very short and excessively trim-  
med and are very pretty and becoming  
looking. Several different materials are  
often combined in them, sometimes as  
many colors. Flowers, feathers and lace  
are employed in profusion for them in all  
sorts of original and fantastic ways.

The color known as geranium is very  
fashionable at present for gowns, acces-  
sories and millinery. It is a warm, vivid  
and effective color, but should not be used  
in very large unbroken masses.

Pink and scarlet is one of the new com-  
binations and a very pleasing one. A

A novel bet on the Corbett-Fitzsimmons fight was paid last week in Lansing. N. R. Osborn, a mail carrier, had the pleasure of throwing a dozen eggs at the other post office employees, at the back of the federal building in the presence of about a hundred witnesses. Only two of the eggs took effect.

So many hundreds of Chicago people resorted on the banks of Paw Paw lake in Berrien county, last season that the adjacent little village of Watervliet became quite metropolitan in appearance during the summer and its thrifty citizens accumulated wealth at a rapid rate. To make the village this year more attractive to the expected city visitors a general improvement campaign is planned, during which new walks will be built, street fences repaired and dilapidated structures removed from the view of the transient guests.

The object of the joint camp is to give instructions which cannot be given to small bodies of men. The aggregate naval force of the three states is 2,000 men. Secretary Long has notified the three governors of his plan, instructing them to arrange a satisfactory date. The month of August is most acceptable to Illinois officials.

ALDERMAN McDonald had a good deal of fun at the second ward polling place yesterday. He challenged the vote of Mayor John Bell and when asked the ground he replied because he was a member of the city council. The mayor then dropped his ballot without further ceremony. The captain then challenged Ed. Heath on the ground that he was a Knight of Pythias and the third challenge was against the Rev. Henry Burton. Mr. Burton put out and cast aside his clerical garb, indignation and general disability that had been coming upon me for years. I had doctored with local physicians, taking the most powerful medicines but they failed to cure. Having given up all hopes of a cure I went to see you during one of your visits to our town, and I can truly say you saved my life. This is also the belief of my wife and family. I am now sixty-three years old and feel as well as I ever did, only my strength will not hold out as long as a younger man, but I cannot find words to express the gratitude I feel toward you. I have just this to say to any one, man, woman or child who is suffering with any ailment, no matter if your case is a bad one and other physicians have failed to cure you, don't give up until you give Dr. Booth a trial. You may think you can't afford it, but where there's a will there's always a way, and the doctor will meet you half way. Benton Harbor, April 23, '90

DEAR FRIENDS:—

As a friend in need is a friend indeed I want to say I found you fifteen years ago when I thought my days were numbered. We are selling standard carpets, made by standard manufacturers, get a reasonable price and make an honest profit. The difference between cheap carpets and good carpets is three years' wear instead of seven or eight; dissatisfaction instead of satisfaction, and 10, 15 or 25 cents a yard in the price. Does it pay?
